J. RESOLVED: In accordance with Councilor Armstrong's request the Common Council approves Establishing a Snow Removal Advisory Committee.

Resolution to Establish a Snow Removal Advisory Committee

Whereas the City Charter and the City Code state that, unless an exception applies, snow shall be cleared from sidewalks 24 hours after a storm, and

Whereas, despite the due diligence of city employees to follow the procedures set up by the Charter and the Code, sidewalk clearance continues to be a matter of concern for all pedestrians, and

Whereas public input is important to the process of solving this problem, and citizen advisory committees are a valuable means of enhancing dialogue through the exchange of perspectives from diverse stakeholders, especially those who rely upon sidewalks, and

Whereas advisory bodies are able to focus on a single issue, and are able to provide, through research, recommendations to City Government in a timely fashion, now therefore

Be it Resolved that the City of Plattsburgh Common Council authorizes the establishment of a Snow Removal Advisory Committee, charged with the task to research immediate and long range solutions for pedestrian access on City sidewalks and to summarize that research and present their findings and recommendations to the Common Council. The committee of up to ten individuals will be comprised of citizen stakeholders representing a variety of perspectives of City residents who rely on sidewalks. The citizen stakeholders should include a senior, disabled citizen, youth, non-driver, property owner, business owner, school administrator or health professional. Additionally, two members of City Government will serve. Citizen stakeholders shall be appointed from a list of volunteers who will register their interest with the Mayor's office by completing an application. Two members of City Government shall select from the list of volunteers.
